**We want your brain power! Opportunities for Clinical Counsellors at our Neuro Rehab clinics!**

### **Job Opportunity**

**Registered Clinical Counsellor** – join our collaborative, multi-disciplinary clinics where you are an integral team member who invites challenges, overcomes obstacles, and celebrates success when treating a niche group of clients with neurological conditions.

### **Who we are**

Neuromotion has three clinics with locations in Vancouver, Victoria and Surrey. We specialize in treating clients with neurological conditions including Spinal cord injuries, TBI, ABI, strokes, Parkinson's Disease, cerebral palsy, multiple sclerosis, and facial palsy. Our multi-disciplinary team includes Physiotherapy, Kinesiology, Occupational Therapy, Clinical Counselling, Registered Massage Therapy, and Speech Therapy. Our mission is:

***To positively affect the lives of our clients and their families by dedicating our specialized knowledge, the latest innovations, and our compassion to provide the most rewarding rehabilitation experience possible***

Meet our amazing team at <https://neuromotionphysio.com/pages/neuromotion-team>

Values we practice daily: **Compassion | Knowledge | Honesty | Dedication | Collaboration**

### **What we offer you**

- An opportunity to work with an amazing population determined to become independent members of their community.
- In clinic and/or remote sessions
- Contracted employment with a competitive split fee
- Multi-disciplinary private practice
- A positive, rewarding, and collaborative team environment
- A private space in a safe, clean, friendly, and busy clinic
- A supportive team, full-time reception, and assistance from volunteers as needed
- Direct Billing for most extended health plans including ICBC
- Access to JaneApp software for scheduling and charting

- Community involvement
- A chance to laugh at work and create lasting relationships with both co-workers and clients.

### Who you are

You are passionate, driven, friendly, empathetic, and bring a positive attitude to the workplace. As a Clinical Counsellor you approach client care with compassion, knowledge, and professionalism. Additionally, you can multi-task, are willing to learn, and are adaptable to change. Your strongest asset is your capacity to treat your clients in becoming the best they can be. Your ability to connect and build rapport with clients and their families as well as work with multidisciplinary team members will have a direct impact on the care of individuals with neurological injuries.

### What you will focus on

- **Conducting** initial assessments, consultation, and psych educational services
- **Encouraging** clients with positive reinforcement to reach their goals
- **Communicating** with the Clinical Lead, team members, clients, employers, referral sources, family members and other counsellors.
- **Creating, Building, and Maintaining** effective connections with your clients and team members
- **Ensuring** psychological case management input and direction to the therapy teams pertaining to initial assessment, treatment planning, clients' progress, conflict resolution, stakeholder discussions and problem solving, and discharge planning.
- **Processing** accurate and timely charts based on assessment and team input
- **Mentoring** and orientation to assist other team members to effectively manage clients' psycho-social issues.
- **Providing** a calm and sympathetic demeanor in difficult situations.
- **Optimizing and Maximizing** your daily schedule
- **Abiding** by all Covid19 safety regulations
- **Organizing** other tasks as needed

### What you bring

- Masters in Counselling / Clinical Psychology
- Professional registration with the applicable college or association
- 2+ years of Professional experience is an asset
- Ability to use creative and structured approaches to assist clients to self-manage

- Ability to write clear and comprehensive reports and other correspondence
- Ability to communicate using different styles and methods to suit individual clients and situations
- Experience with chronic pain and post concussive symptoms are an asset.
- Flexibility, Empathy, Positive Energy, A passion to help
- Leadership skills
- Laughter
